Re: - SHE DOES NOT WANT TO ABORT HER CHILD; HER MOTHER IS TRYING TO FORCE THE ABORTION AGAINST HER WILL

## TO WHOM IT MAY CONCERN:

Be advised that this office represents , age 17. Her mother is transporting her to your clinic as I write. Ms. has determined that she does NOT wish to abort her child. However, her mother is insisting that she do so, regardless of her own wishes. We are therefore writing this emergency letter advising you not to abort her child.

You will recall that on Thursday, February 19, 2015, you received a facsimile from Cathy Waterbury of Confidential Care on behalf notifying you that did not want to abort her child. This letter confirms that facsimile, and places you on legal notice that any procedure you administer would be against wishes and her constitutional right to choose, and you will face legal consequences if you choose to ignore her stated choice.

Please confirm receipt of this letter and that you will respect choice to give her child life.

Sincerely,

Stephen M. Crampton
